

THE VERDUGO CREATIVE TECHNOLOGIES CONSORTIUM  
& GLENDALE COMMUNITY COLLEGE PRESENT

2017-2018

# SATURDAY ACADEMY

– A CALIFORNIA CAREER PATHWAYS PROGRAM –

## PURPOSE

The Verdugo Creative Technologies Consortium and Glendale Community College are hosting a FREE “Saturday Academy” program, which will be offered this fall. All classes will meet on Saturday. There will be no 11/25 session due to the Thanksgiving weekend. The first and second year of Saturday Academy was held at CSUN and was a tremendous success. The purpose of the Saturday Academy is to motivate and prepare high school and community college students for careers in the high-growth creative, entertainment, and technology industry sectors, which will align with 2 pathways that will be offered:

1. ENGR 120—3D Printing and Modeling  
9:00 AM—1:00 PM  
GCC Campus—AT 213  
2 college units for letter grade
2. ART 250—Designing Web Graphics  
9:00 AM—2:30 PM  
GCC Campus—HS 120  
3 college units for letter grade

## REQUIREMENTS

Open to high school sophomores, juniors, seniors, as well as community college students. Note: Saturday Academy sessions do not replace current coursework; however, students will receive college credit. The deadline to Drop Saturday Academy with a Withdraw notation on your GCC transcript is November 18, 2017. The knowledge and skills gained will be an invaluable addition to each student’s career “toolbox.”
